Introduction

This report covers the very meager post-war military information, much of it hearsay, which source was able to provide.

A. ORDER OF BATTLE

50X1

<u>Unit</u>	<u>Subordina- tion</u>	<u>Location</u>	<u>Remarks</u>
U/1 Army Hq	Unk	Konaker (coordinates not available), 8 km from Yerevan	[redacted] Yerevan (N-40 11, E-44 30), Armenian SSR in 1945, the residents of this city were referring to this installation as the 7th Gds Army Hq. Later they began referring to it as the 45th Army Hq. Source did not know whether the installation had only been redesignated or whether troops had actually been exchanged. The CG in 1952 was possibly Gen Lt (fnu) Martirosyan. Source saw him being driven around Yerevan in an Opel Admiral car and thought he was possibly the replace- ment for Gen Col (fnu) Fedyuninskiy, who commanded this unit from 1940 to 1952, according to hearsay in- formation. Source had also seen the latter in [redacted] while riding on the same train; Fedyuninskiy was apparently going on an inspection trip of the city of Leninakhan (N-40 48, E-43 50), since he was met at the railroad station by seven general officers and several others of lower rank. These officers wore in- signia on their shoulderboards denoting infantry, armor and artillery branches of service. Before 1949 or 1950 Gen Col (fnu) Krayzer was CG of this alleged Army Hq.

2d Regt (branch Unk)	Unk	Yerevan	Located at end of Shaumyan Street. Source had never seen this area.

Transcaucasian Military Hq (?)	Unk	Tbilisi (N-41 42, E-44 45)	CG was General of the Army (fnu) Antonov, in [redacted] 1951 when source's train passed through here and made a 45 minute stop. Source heard this from bystanders at this time and allegedly saw Antonov meeting the train. (see item U/1 Army Hq).	50X1
U/1 Tank Unit	Unk	Leninakan or vicinity	[redacted] highway bypass for tanks of this unknown unit, on the road running between Leninakan and Dzhdzhmr (coordinates not available).	50X1
U/1 Army area	Unk	Kirovakan (N-40 48, E-44 50)	CO was unknown. Source saw several tanks here.	
U/1 Army	Unk	Delidshan (coordinates not available)	CO unknown. Source saw this installation in the vicinity of Delidshan, with numerous trucks parked not far from the highway. [redacted] it was occupied by transport units.	50X1
U/1 officers' colony	See re- marks	Nakhichevan	This was an officers' colony consisting of from 120 to 150 wooden houses. Officers living here belonged to unidentified units in Nakhichevan. The area was on the left side 300 to 350 m from the road from Nakhichevan to the Biehanegakiy Pass, 1 immediately upon leaving the limits of the former city. It was unfenced and without controlled entrances. Source was convinced that there was no large caserne construction in or near the colony up to 1953, when he saw it from the above-mentioned road. The houses of the colony were electrified. Source had no further information on it.
